2018 HOTEL AWARDS BEST DESIGN

NORTH AMERICA

If there's one capital hotel design offense, it's to be inoffensive, to risk nothing; these hotels stand boldly in the other camp, exultant in form and function alike. They're after that electric, gobsmacked moment where you're not sure if you're reserving a room or a seat for an architectural performance. Go on, live a little.

The LINE Hotel

Los Angeles

Koreatown may be on our LA radar all the time these days, and we've got the LINE to thank for that. These folks know the neighborhood inside and out, liberally peppering the design with wink-and-nod cues to Korean heritage. Crucially, it's never overdone or stuffy; you're here to have a damn good time, after all, and they've gone out of their way to keep it fresh. Don't miss out on a night at Break Room 86, trust us.
